Spring greetings from Tuotenauha!

It has been fantastic to follow the birth of new Finnish companies in different sectors in the first half of our 70th anniversary.

There is so much creativity, skill as well as unique and personal style to be found in Finland!

Finland and Finnishness is alive and well – we want the products to be manufactured in Finland all the way to the smallest label.

Companies are aware and communicates by this that they want to promote domestic employment.

Tuotenauha Oy has been able to be involved in implementing brand designs by making the finishing details of the products in the form of labels, tags, stickers as well as gift and product ribbons. Thanks for that!

It's time to wish everyone a sunny spring and begin to think about the upcoming summer and holiday.

[Tuotenauha Oy is on summer holiday from 2.7.2018 to 27.7.2018](#)

If you want delivery prior to our summer holiday, please order **before** the following dates:

Woven tags and labels: before **31.5.2018**

Printed tags and labels: before **8.6.2018**

If you want the **label delivery in August**, you should make your order between **9.6.2018 and 29.6.2018**.

Be ahead of time and ensure your company's summer and autumn product deliveries!

Check the label etc. stock and order in time before the vacations...

Product labels adds
the finishing touch to
the product and
makes your company
stand out!

tuotenauha.fi

One of many, wonderful customer feedbacks:

"Thank you!!
Great service, the labels are already in
Denmark"

Kind regards,

Tony / MUOTIKUU
